

CSCA08 TUTORIAL WEEK 6

*** There will be a **quiz** at the beginning of the class! ***

TUT0014

TA: Andrew Wang

E-mail: andrewpy.wang@mail.utoronto.ca

Website: <http://andrewwang.ca/teaching/17fall/csca08/>

REVIEW

Documentation

- External documentation: DocString
- Internal documentation: comment

Good if statement coding style

- Use elif/else wherever possible
- No multiple return statements

THIS WEEK

Import

Debugger

IMPORT

Importing functions defined in other Python files to my own program

```
if __name__ == "__main__":  
    import doctest  
    doctest.testmod(verbose=True)
```

IMPORT

To Wing!

IMPORT

```
if __name__ == "__main__":  
    import doctest  
    doctest.testmod(verbose=True)
```
